

# Fire Chiefs Report

The background of the cover is a warm, golden-brown gradient. In the upper left corner, a full moon is visible. The lower portion of the image is filled with a detailed autumnal arrangement of pumpkins in various sizes and colors (orange, red, and yellow), interspersed with vibrant fall leaves in shades of red, orange, and brown. Some pumpkins have their stems and leaves attached, and there are also some small, round, yellowish fruits or gourds scattered among them.

November 2024

## FYI

As we move into November and attempt to regain a bit of normalcy, we again had a busy prior month. Within the first week of October, we were stilling dealing with cleanup of the aftermath of Helene.

Our staff worked diligently and effectively within this time frame, and we hopefully made a difference in our communities.

We attended the SPD Conference in October. This was the best educational content the SC SPD had put together in one conference since I've been attending.

We were able to host our Halloween Truck-or-Treat event once again, and estimate we had 450-500 visitors in our station. We opened the event up to outside agencies and we had four other tables inside besides ours.

### A few important dates coming up in the remainder of the year:
